

Hand-Held Anemometer.

Code: [503-062](#)

Product Group: [Wind measurement](#)

A robust, easy to use instrument of durable plastic construction. Wind strength/speed is clearly and accurately displayed on 4 scales (m/s, km/h, knots and Beaufort). A secure fitting transparent cap protects the cups when not in use.

Further Information

Range 0 to 120 km/hr.

Accessories

Anemometer Cups. Set of 3.

Code: [503-062/10](#)
